## ABOUT ME :

I am from Argentina, I consider myself a proactive, dynamic, responsible person, with intentions of learning new things and to advance professionally. I can work perfectly individually or in a team.

## SKILLS :

## PROJECTS :

### CRUD

These pages consist of cruds where you can upload, edit and delete files. These apps are made with different technologies ( these pages are made with free resources, so when you are using it at the beginning, the server can take up to 30 seconds to start).

<https://react-crud-frontend-lime.vercel.app>

<https://vue-crud-client.vercelapp/>

<https://angular-crud-front.vercelapp>

### Random Chat (mobile app)

This page is a chat room, where you can talk with random people.

(In this page you can use commands like: /commands /background 1 /screamer 1)

You can download the **apk** here : <https://www.mediafire.com/file/cul6skjsml6kua/application-786c033f-1fe5-4ee0-ac12-0482c00084ee.apk/file>  
or see the **code** here : <https://github.com/tomcrude/ReactNative-Firebase-ChatRandom>

### Koala Chat

This page pretends to be a social network, you will have your profile, followers, following, a global chat, private chat rooms and some other things. It is made with free resources so when using it at the beginning the server can take up to 30 seconds to start.

<https://koala-chat.vercel.app>

If you don't want to create an account, you can use this one: Email: "jorg-ss@hotmail.com", Password: "32ewrwe".

### Brain Memory Game

This page is about a memory game where you will have to memorize numbers and, at the end, you will get a final score.

<https://brain-memory-game.vercel.app>
